When luxury saltwater fish boat maker Grady-White intended to replace its popular Express 330 (more than 1,200 have been sold!), the North Carolina builder leaned on customer feedback. Built on the same 33-foot, 6-inch design, the Express 340 is more spacious and comes loaded with advanced technology, intuitive controls, and standard features to satisfy both serious offshore anglers and family weekend cruisers.

### STANDOUT FEATURES

- Helm Master EX standard
- Proprietary SeaV<sup>2</sup> hull
- Twin cockpit side doors

The console cabin features a lockable sliding center entry door, air conditioning, natural and indirect lighting, forward hatch with retractable screen and shade, 24-inch TV, forward vee berth and very accessible aft double berth. The galley includes a sink, countertop with backsplash, microwave, refrigerator, and stove.
